Topics in Human Space Exploration and Medicine

“Space Radiation - Risks to Crew and Mitigation Strategies”

Speaker:

Jeffrey A. Jones, M.D.
Professor, Department of Urology and
Center for Space Medicine
Baylor College of Medicine
The Wing Surgeon for the US Navy Fleet Logistics Support Wing
Chief of Urology in Operative Care Line
Michael E. DeBakey Veteran Affairs Medical Center

Wednesday, October 18, 2017

12:00 – 1:00 p.m.

DeBakey Classroom M323

After conclusion of the educational activity the participant should:

- Realize the sources of space radiation and potential astronaut levels
- Understand the differences in energy type and risk from different forms of radiation
- Discuss means to reduce the risks of different forms of space radiation exposure
