

CENTER FOR
SPACE MEDICINE

Topics in Human Space Exploration and Medicine

An Elective Lecture Series Presented by the Center for Space Medicine

The Medical Challenges of Space Tourism

Speaker:

James M. Vanderploeg, M.D., M.P.H.
Senior Faculty
Department of Medicine and
Center for Space Medicine
Baylor College of Medicine

Wednesday, November 15, 2017

12:00 – 1:00 p.m.

Cullen Auditorium

Learning Objectives:

1. Understand the medical challenges involved in providing safe spaceflight to a broad range of individuals beyond professional astronauts.
2. Understand the regulatory regime under which commercial human space flights are governed.
